George Washington: 1798 **Acknowledged that Illuminati activity had come to the USA:** "It is not my intention to doubt that the doctrine of the Illuminati and the principles of Jacobinism had not spread in the United States. On the contrary, no one is more satisfied of this fact than I am."

Thomas Jefferson: 1816 "If the American people ever allow private banks to control the issue of their currency, first by inflation and then by deflation, the banks and corporations that will grow up around them will deprive the people of all property until their children wake up homeless on the continent their fathers conquered."

BANKER: Mayer Amschel Rothschild 1828 "Allow me to issue and control the money of a nation, and I care not who writes the laws."

Winston Churchill: 1920 "From the days of Spartacus-Weishaupt to those of Karl Marx, to those of Trotsky, Bela Kun, Rosa Luxemburg, and Emma Goldman, this world wide conspiracy for the overthrow of civilization and for the reconstitution of society on the basis of arrested development, of envious malevolence and impossible equality, has been steadily growing. It played a definitely recognizable role in the tragedy of the French Revolution. It has been the mainspring of every subversive movement during the nineteenth century, and now at last this band of extraordinary personalities from the underworld of the great cities of Europe and America have gripped the Russian people by the hair of their heads, and have become practically the undisputed masters of that enormous empire."

President Franklin Roosevelt: Nov. 21, 1933, "The real truth of the matter is, as you and I know, that a financial element in the larger centers has owned the government since the days of Andrew Jackson."

Dr. Adam [Spartacus] Weishaupt: "Of all the means I know to lead men, the most effectual is a concealed mystery. The hankering of the mind is irresistible."

President Andrew Jackson: 1829-1837 "You are a den of vipers! I intend to rout you out, and by the Eternal God I will rout you out. If the people only understood the rank injustice of our money and banking system, there would be a revolution before morning."

President Woodrow Wilson: 1916 "I am a most unhappy man. I have unwittingly ruined my country. A great industrial nation is controlled by its system of credit. Our system of credit is concentrated. The growth of the nation, therefore, and all our activities are in the hands of a few men. We have come to be one of the worst ruled, one of the most completely controlled and dominated governments in the civilized world. No longer a government by free opinion, no longer a government by conviction and the vote of the majority, but a government by the opinion and duress of a small group of dominant men."

Mikhail Gorbachev: Nov. 2, 1987 addressed the Soviet Politburo: "In October 1917, we parted with the old world, rejecting it once and for all. We are moving toward a **new world**, the world of Communism. We shall never turn off that road! Comrades, do not be concerned about all that you hear about glasnost and perestroika and democracy in the coming years. These are primarily for outward consumption. There will be no significant internal change within the Soviet Union other than for cosmetic purposes. Our purpose is to disarm the Americans and let them fall asleep."

BANKER: David Rockefeller Sept. 23, 1994 "This present window of opportunity, during which a truly peaceful and interdependent world order might be built, will not be open for too long – We are on the verge of a global transformation. All we need is the right major crisis and the nations will accept the **New World Order.**"

10/

Karl Wojtyla: AKA Pope John Paul II "By the end of this decade we will live under the first **One World Government** that has ever existed in the society of nations... a government with absolute authority to decide the basic issues of survival. **One world government is inevitable.**"

George Herbert Walker Bush: September 11, 1990: "Out of these troubled times, our objective—a new world order—can emerge. Today, that new world is struggling to be born, a world quite different from the one we have known."

George Herbert Walker Bush: "What is at stake is more than one small country, it is a big idea—a **new world order**...to achieve the universal aspirations of mankind... based on shared principles and the rule of law... The illumination of a thousand points of light... The winds of change are with us now."

Jonathan Winston Howard: March 13, 2003 in a National Address to the Australian's "The decade of the nineteen nineties was meant to have been one in which a **NEW [WORLD] INTERNATIONAL ORDER, free of the by polar rivalry of earlier days, was to have been established"**

A HAPPIER AND BETTER WORLD

🕒 NOVEMBER 2, 2014 🗨️ LEAVE A COMMENT

"Banking was conceived in iniquity and was born in sin. The Bankers own the earth. Take it away from them, but leave them the power to create deposits, and with the flick of the pen they will create enough deposits to buy it back again. However, take it away from them, and all the great fortunes like mine will disappear and

they ought to disappear, for this would be a happier and better world to live in. But, if you wish to remain the slaves of Bankers and pay the cost of your own slavery, let them continue to create deposits."

11/ QUOTES – ARE AMERICANS PROGRAMMED BY PSYCHOPATHS TO BECOME PSYCHOPATHS

“Psychopaths derive their power from the complicity of the general population. Most people still get suckered in by the manipulation of psychopaths, and most people still admire them. The only answer to eliminating the power of the psychopath is to educate the public... The better informed you are, the better you are able to spot psychopaths, and then distancing yourself from them, cutting them off from your money, your attention and your devotion.”
– Stefan Verstappen

“Countries ruled by psychopaths become corrupt and brutish police states constantly at war with created and imaginary enemies. The population becomes paranoid, neurotic, and ultimately secondary psychopaths. In a psychopathic culture, everyone must adopt a ruthless attitude as a survival strategy.”
– Stefan H. Verstappen

“The prevalence of sociopathy in the United States seems to be increasing. The 1991 Epidemiologic Catchment Area study, sponsored by the National Institute of Mental Health, reported that in the fifteen years preceding the study, the prevalence of antisocial personality disorder had nearly doubled among the young in America.”
– Martha Stout
